Bulgarians Nearing Nish---Germans Steadily Pushing Serbians Back

RUSSIANS ARE KEEPING BOTH GERMAN AND AUSTRIAN ARMIES BUSY DEFENDING THEM- SELVES ON THE EASTERN FRONT

(Associated Press)

London, Nov. 5.—An all night meeting of the Greek chamber to consider the new attack for former Premier Venizelos on the government's policy and his criticism of King Constantine's interference with the constitutional liberty of the Greek people, has overshadowed the Balkan situation.

The latest information from Athens indicates that King Constantine will continue the Zaimas cabinet and dissolve parliament rather than permit Venizelos to return to power. In view of the wide range of possibilities London is not indulging in premature optimism over the Zaimas cabinet defeat, but is waiting developments.

The Bulgarians are reported to have reached a point six miles northeast of Nish, Serbia, and almost as near to the east and southeast. The German troops in the north are steadily pushing the Serbians back. Two divisions of British troops have joined the French at Strumitza.

German and Austrian reports make clear that they are now occupied chiefly in defending themselves against Russian attacks. Their initiative has apparently been spent, except for counter attacks. The Russians are fiercely attacking along the Dvina and Stripa.

BULGARIANS CAPTURE RAILROAD NEAR NISH

FORTS AT NISH VIOLENTLY BOMBARDED BY BULGARIAN ARTILLERY

(Associated Press)

Paris, Nov. 5.—Bulgarian artillery violently bombarded the advanced forts of Nish on the Nishava river Wednesday, says a Saloniki dispatch to the Matin. The Nish-Kavala railroad was captured north of Nish.

KILLING BEING INVESTIGATED

Arthur Shannon, colored, who has been in jail for about three months, suffering with a wounded shoulder from being shot, is being heard today in Judge Smith's court, on a charge of murder.

In the early part of August Constable Jim Galbreath attempted to serve a warrant on Shannon for some trivial offense, when Shannon assaulted him, took away his revolver, and later is said to have shot a colored woman Ella Jones, whom he blamed with his troubles.

Ella on seeing him coming prepared herself, and when he shot her, returned his fire with a shotgun, and wounded him in the shoulder before she died.

A half dozen witnesses are being examined in the case.

A PINE WHOOPING COUGH REMEDY

Mothers, Dr. Bell's Pine-Tar-Honey is just the remedy for your children's cold ailments. The fact is that pine is a quick enemy of cold conditions. Its qualities loosen the mucous in the throat, soothe the lungs and open up the air passages. The combination of honey, soothing and pleasant, with the loosening pine quality makes this an ideal cough remedy for children. Each passing year brings for it, new friends. A family of growing children cannot afford to be without it. 25c a bottle.

Athens, Nov. 5.—King Constantine has summoned the leaders of all parties to confer on the situation resulting from the overthrow of the Zaimas cabinet. It is expected the ministerial crisis will end within the next twenty-four hours.

PRESIDENT ADDRESSES MANHATTAN CLUB

LAI D STRESS ON NEED OF AMPLE EQUIPMENT FOR ARMY AND NAVY

(Associated Press)

New York, Nov. 5.—President Wilson opened the administration campaign for its national defense program in a comprehensive and carefully prepared address delivered here last night at the Manhattan Club banquet. He declared solemnly that the United States had no aggressive purpose but must be prepared to defend itself in order to assume "full liberty and self-development."

"Within a year," said the president, "we have witnessed what we did not think possible, a great European conflict involving many of the greatest nations of the world. The influence of the great war is everywhere in the air. All Europe is in battle. Force everywhere speaks out and from one end of our dear country to the other, men are asking one another what our own force is, how far we are prepared to maintain ourselves against any interference with our national action or development."

Outlining the defense program, the president said it included an increase in the standing army, the training within the next three years of 400,000 citizen soldiers to be raised in annual forces of 133,000, and the strengthening of the National Guard. He laid particular emphasis on the need of ample equipment.

The president declared that the navy already is "very great and efficient, but that in order to bring it to a point of extraordinary force and efficiency, a definite policy must be adopted."

GERMANS RECAPTURE FRENCH TRENCHES

GERMANS CLAIM CAPTURE OF NEARLY THREE THOUSAND SERBIANS

(Associated Press)

Berlin, Nov. 5.—The recapture of a trench held by the French since Oct. 24th, northeast of Liemesnil, is announced by the war office. A French counter attack against positions Germans captured north of Massignes failed with heavy losses.

German advances all along the line in Serbia are announced. The report says that 2700 Serbians were captured during the fighting.

SWINDLED ON RACING FRAME-UP

VIRGINIA MAN WANTS TO RE- COVER LAGE SUMS FROM BUNCO GANG

(Associated Press)

Chicago, Nov. 5.—W. P. Stimmel of Phoebus, Va., has appealed to federal officials here to recover \$30,000 and a note for \$34,500 out of which he alleges he was swindled in a Springfield, Ill., pool room.

Stimmel says he met four men in Chicago, one of whom claimed to be the betting commissioner representing several racing stables. They induced Stimmel to wager his money.

It is believed this is the same man who swindled Dr. William Kirby, a Chicago banker, out of thousands.

VILLA'S ARMY MOVING SOUTHWARD

CLAIMS TO HAVE AN ARMY OF THIRTEEN THOUSAND MEN

(Associated Press)

Naco, Ariz., Nov. 5.—Villa's statement that he is on his way to Hermosillo and gathering provisions at Villavard, shifts the center of interest in border hostilities between the Mexican factions southward. Villa said he had 13,000 men in his command.

CONDITIONS IMPROVING ON MEXICAN FRONTIER

AMERICANS REPORTED KILLED ARE PRISONERS OF VILLA'S ARMY

(Associated Press)

Douglas, Nov. 5.—Conditions are rapidly becoming normal here. Most of the three thousand refugees have returned to the Mexican side. The work of clearing the Agua Prieta battlefield or dead and wounded is proceeding.

AMERICANS ARE ALIVE

Douglas, Ariz., Nov. 5.—Four Americans, Dr. R. H. Thigpen, Dr. James Miller, J. D. Pylant and A. L. Wilson who were reported killed yesterday during the fighting at Agua Prieta, are alive and prisoners in Villa Verde, according to George Snow, who arrived at Naco today. Snow says he saw them yesterday.

SERBIANS ARE BLOCKING BULGARIANS

FRENCH ARTILLERY AIDING IN REPULSING BULGARS AT BARUNA PASS

(Associated Press)

London, Nov. 5.—Although the Austro-Germans are still advancing in Serbia the Bulgarians have been halted at three places and east of Nish the Bulgars are retreating. They are also retreating in Baruna pass while near Strumitza the French artillery is said to be repulsing them.

The capture of Nish would give the German powers an excellent base for dispatching munitions to Turkey also for operating southward against the oncoming Anglo-French.

The Germans near Dvinsk have resumed the offensive and recaptured the positions which were recently lost to the Russians, however, the Russians are still attacking along the Stripa river and also in Galicia.

MILLWOOD FARM

Mr. Tinker, owner of Millwood farm at Reddick, was in town yesterday and when asked by a Star reporter how the farm was getting along, said he now had 75 cows on the place and 45 or 50 young heifers, besides a lot of other live stock. Quite a successful business is expected this fall and winter in shipping milk and butter cream to out of the county points. Mr. Tinker has about \$30,000 invested in this big farm and some day he will get handsome returns on his investment.

NASH WILL BE A CANDIDATE

Despite reports to the contrary, Mr. George A. Nash will be a candidate to succeed himself at the election in December as alderman from the fourth ward, having been elected to fill the unexpired term of Mr. J. N. Tolar. A petition is being circulated requesting Mr. Nash to run. He has made a fine record during the short time he has been in office and is entitled to re-election.

MARION COUNTY EDUCATIONAL SOCIETY

The Marion County Educational Association will meet in regular session Saturday, November 8, at ten a. m. in the high school auditorium.

Miss Stevens and Miss Mendenhall will discuss primary methods for teaching language. This will be followed by a discussion of the educational exhibit to be made at the fair. All teachers are urged to attend this meeting as we especially desire to make a creditable display of the work done in the county schools at the coming fair.

ADVOCATES OCALA PACKING HOUSE

LIGHT POINTS OUT REASONS WHY WE SHOULD PACK OUR OWN MEATS

Mr. W. A. McRae, commissioner of agriculture, writing on the cattle industry of this state, stated some very interesting facts. According to the U. S. census Florida's population has increased 42 per cent in ten years. The number of cattle in the state in 1914 was 200,000 less than ten years ago, a loss of 20 per cent. With the population increasing and the number of cattle decreasing, what will be the problem on this industry ten or twenty years from now?

Cattle have been shipped out of the state in the last year by the train loads, bought by western farmers to be fattened for market. The western farmers buy our cattle cheap, fatten them and make a good profit when they market the cattle. If it pays to ship these cattle 1000 miles away to be fattened here? Florida can fatten a steer as cheaply as any other state. We have the proof in Marion county. There are now within six miles of where I am writing about 700 steers being fattened for market when native range cattle are poor in the spring. This is done by half a dozen farmers. It pays them. Why then ship our cattle out of the state to be fattened?

\$20 per head is the average price paid for steers being shipped. The hide on each steer is worth about \$7; they are selling beef at about 4 cents per pound dressed. Dressed beef is sold in Jacksonville at from 13 1/2 to 15 cents per pound. Note the difference.

We have \$13,000,000 invested in the cattle and hog business and not a large packing plant in the state. Tampa imported 22,000,000 lbs of pork products in 1914 and Marion county farmers last year could not find a market for carload lots in the state and shipped to Moultrie, Ga. There will be 1500 head of hogs for sale within six miles of Reddick. The farmers want to know what they are going to do with them.

What is the matter with Florida? Millions of dollars for state and county hard roads. Many thousands for state and county fairs. There are half a dozen farmers in Marion county who could start a packing plant in Ocala in connection with the ice plant and the profits they would receive on the cattle they are fattening would pay for the investment in a year. They could borrow the money from the banks. They need not put up a cent of their own. They could make Marion county the leading cattle county in the state. Marion county can fatten every beef steer that is shipped out of the state. It would be the best paying advertisement we could find.

Mr. Chambliss, Mr. Meffert, Edwards Bros., Taylor Bros. and others, put a packing plant in Ocala and begin operations this fall. You can do it. You have the cattle and the money or can get it. The packing plant at Moultrie pays; so would one in Ocala.

Railway officials estimate that 600,000 visitors will come to Florida this winter. Gentlemen, tell these people that Ocala has a packing plant. Locate in Marion county several hundred live, wide-awake stock growers. A packing house will help do it.

The Moultrie packing plant advertises Moultrie. So would a packing plant advertise Marion county and Ocala. Gentlemen, try it. It is a crime to neglect such an opportunity.

BRYAN OPPOSES PRESIDENT'S PLANS

Declares that Plans Are De- parture from Traditions

SAYS PEOPLE ARE OPPOSED TO INCREASING ARMY AND NAVY APPROPRIATIONS

(Associated Press)

Washington, D. C., Nov. 5.—W. J. Bryan in a statement issued today squarely opposes President Wilson's views expressed last night on the national defense plan. Mr. Bryan declares it is a departure from our traditions and a reversal of national policy and a menace to our peace and safety. He says it is a challenge to the spirit of Christianity which teaches us to influence others by example rather than fear. The former secretary's remarks are regarded as the opening gun of the fight expected in Congress against the plan.

Mr. Bryan declared that none of the European nations now fighting were prepared for war, but were prepared merely for defense. He declared that untold harm would be done neighboring nations as well as our own, and doesn't believe the taxpayers want the present sum appropriated for the army and navy increased.

OUR COUNTY FAIR

PREPARATIONS ARE BEING COMPLETED FOR OUR BIG ANNUAL EXHIBITION

As the days pass bringing us nearer to the time set for the Marion County Fair the confidence and enthusiasm of the people seem to grow. This is shown by the quick and ready response of every one who has been asked to help in any way in promoting the interests of the fair. Not only are the people willing to help but anxious, and it has been a great pleasure to the management to see such a spirit manifest. On file in the office of the fair association are letters from all parts of the state, expressing the good wishes of the writers, and assuring the association that they felt confident that our fair this year would be a marked success.

A number of pens have already been engaged for the live stock department, which promises to be full to overflowing with fine, blooded stock. Never in its history has old Marion been so interested in the raising of good stock.

The poultry raisers have had a fine year and the poultry department promises to be well filled.

The latest report from the Boys' Corn Club, by Mr. S. J. McCully, is that the boys have had a wonderful year and will be on hand with some excellent corn some of which has gone as high as ninety bushels to the acre.

Marion county considers herself most fortunate in securing the governor to open the fair with an address at the grounds, directly following the big industrial parade. This parade has recently been organized and promises to be one of the most interesting features of the fair. This parade is for the farmer as well as the business man and we expect that both will be well represented from all parts of the county.

Hon. Champ Clark, speaker of the national House of Representatives, will be the central attraction on Wednesday, Nov. 24th. Mr. Clark will lecture at the Temple theater in the evening.

Children's day, Friday, Nov. 26th, the schools of the county and those of the city will join in a grand parade with the girls and boys of the canning and corn clubs, accompanied by a number of other interesting features and plenty of music. This parade will leave the square at 10 a. m., and on arrival at the fair grounds a short address will be made by Secretary Rooney of the Board of Trade, introducing the speakers, Hon. W. A. McRae, commissioner of agriculture, and Hon. W. N. Sheats, state superintendent of public instruction, who will address the children. At the close of this program the prizes for

BRITISH STEAMER ON FIRE AT SEA

CARRIES A CARGO OF AMERI- CAN SUGAR FOR ENGLISH MERCHANTS

(Associated Press)

New York, Nov. 5.—No word concerning the British steamer Riogagos, reported afloat 300 miles south of Halifax, has been received by the local agents. The agents expressed the belief that the fire was not serious as the vessel apparently didn't request the Frederick VII., which sighted the distressed steamer, to stand by, but to merely notify Halifax by wireless. The vessel carries a cargo of sugar from New York for Queenstown.

the winners of the girls' and boys' canning and corn clubs will be awarded; also a prize to the rural school showing best attendance, and to the grade of the city schools for same.

Even the babies are to have their full share in Children's day as the result of the Better Babies Contest will be announced from the grandstand, and the mothers and babies will occupy reserved seats in the grand stand during this feature of the program. Mrs. E. G. Peek, who has had this contest in hand has done excellent work and there are more babies registered than ever before.

The amusement features, which are in the hands of the Johnny Jones Shows, promise to be amusing, instructive and thrilling, yet clean and wholesome. Of this show, which has just finished an engagement in Valdosta, Ga., the Valdosta Times says:

"The Jones Shows differ widely from many street fair aggregations, the chief difference lying in the fact that their exhibitions are of a nature which appeal to ladies or persons of refinement."

Special attention is called to the Trained Wild Animal Arena, presented under an immense canvas where 50 wild beasts are exhibited in a massive steel-bound arena. Every child in Marion county should have the privilege of seeing this show from an educational standpoint. This is only one of a score of treats which Johnny Jones has in store for the people who attend the Marion County Fair.

Never in the history of Marion county have the prospects been so good for the races. The superintendent of races, Mr. Charles Goddard, has been in communication with horsemen all over the country and feels confident that this year will see the largest number of fast horses at the fair in its history.

COAST LINE WHIRL- WIND SPECIAL

The above is the name of the special train the Atlantic Coast Line will operate from Gainesville to Jacksonville tomorrow to care for the students of the University of Florida and their friends who will witness the great Georgia-Florida football game in the latter city. The fare is \$1.50 for the round trip, and tickets will be sold for the regular trains on that date. Ocala people should take advantage of this opportunity to reach the metropolis and return.
